

## **“19th International Conference on Solid Compounds of Transition Elements”**

### **The Abstract Submission deadline has been extended**

**The new deadline for orals and posters is Friday, March 21st 2014, (midnight local time). Applications for bursaries is extended to the same deadline.**

Abstracts must be submitted to: <mailto:abstracts@scte2014.it>, following the instructions contained in the *Abstract Submission* page of the conference website: [www.scte2014.it](http://www.scte2014.it)

The “19<sup>th</sup> International Conference on Solid Compounds of Transition Elements” will be held at the **Palazzo della Nuova Borsa, Genova, Italy**, from **21 to 26 June 2014**.

The conference will deal with the structure, crystal chemistry, chemical bonding and magnetic and electronic transport properties of different classes of intermetallic compounds. Hydrides, borides, carbides, silicides and homologues, pnictides, as well as chalcogenides, oxides and halides (especially those of low oxidation state exhibiting metal or semimetal properties) will also be covered.

### **Confirmed Invited Plenary speakers**

Prof. Ernst Bauer - Institute of Solid State Physics, Vienna University of Technology  
Prof. Silke Bühler-Paschen - Institute of Solid State Physics, Vienna University of Technology  
Prof. Roberta Sessoli - Dipartimento di Chimica, Università di Firenze  
Prof. Walter Steurer - Department of Materials Science, ETH Zurich

### **Main topics addresses include**

- processes and syntheses;
- crystalchemistry;
- phaseequilibria;
- thermodynamics;
- magnetic and electrical properties;
- theory, electronic structure, chemical bonding;
- applications.

Since 2014 is the International Year of Crystallography, the Local Organizing Committee decided to give a particular emphasis to the crystallographic complexity and properties of intermetallic compounds with a dedicated special session.
